NEWS RELEASE

City of Falls Church Announces Street Sweeping Schedule

The City of Falls Church will begin sweeping streets the week of May 20. Street sweeping reduces the volume of pollutants entering local streams through the City's 900 storm drain openings. The City contracts with Reilly Sweeping to provide Citywide street sweeping services.

The schedule, subject to change due to weather, is as follows:

- Monday, May 20 and Tuesday, May 21: residential areas south of Broad St.
- Wednesday, May 22: commercial areas and municipal parking areas
- Thursday, May 23 and Friday, May 24: residential areas north of Broad St.

Residents are asked to move vehicles off of residential streets scheduled for sweeping between 7 a.m. and 5 p.m. Parked vehicles impede the street sweeping equipment, resulting in less efficient and effective service.

For more information, visit www.fallschurchva.gov/sweep or contact the Department Public Works at 703-248-5176 (TTY 711), dpw@fallschurchva.gov.
